

ASH GROVE CEMENT WEST, INC.

Inter-Office Memorandum

Date September 21, 1987

To Jim Post, Erik Voldbaek

From Ken Rone

Copies to _____

Subject Activity Report Week Ending 9/20/87

1. One truckload cement transferred to Stoneway's Plant.
- a/k/ 2. Plant crew went fishing aboard Surfrider and wish to express their appreciation for the opportunity.
3. Held Safety Committee meeting to discuss replacement of Mr. Gabel on the committee.
- a/k/ 4. City of Seattle Department of Construction and Land Use interprets the Shoreline Management Act to require a Shoreline Permit for plant demolition within 200' of the river. I recommend a legal opinion be sought to confirm this. *Legal opinion being sought.*
- a/k/ 5. Received hearing examiner's recommendation to the City Council approving the Superior Quarry application for an unclassified use permit.
6. Lone Star contacts regarding ship ording and receiving, deffered to Mr. Jacobson.
7. Air pollution inspector here to investigate observance of dust from clinker conveying belt. No further evidence seen so he left with admonitions not to allow dust emissions.
8. Coast Guard inquired about a reported oil spill during bunkering of the Green Maya on August 21. We had no record of the tug involved. Caller was advised to contact ships agent.
9. Transferred 290 tons Ideal I/II filling available storage. No sales yet. Working on silo 21 to remove cement and chunk covering drawpoint.
10. Tilbury advised that no Type II clinker will be available until 10/20/87 so it can be sold to others during their kiln outage.
11. Order locks changed at Auburn Terminal.
